Regulations governing procedures for notification and authorization to carry out external activities by academic personnel

Art. 4 - Activities for which authorization is required

4.2 Part-time Professors and Researchers

Part-time professors and researchers may also carry out teaching and research activities in foreign universities and research organizations, subject to the Director's authorization, after having evaluated the compatibility of these activities with the fulfilment of their institutional duties. In this case, in order to evaluate the research activities and on the basis of the recruitment policy of SISSA, the contribution of the person is considered in proportion to the duration and the amount of commitment dedicated to SISSA.
