

PhD Students' Questionnaire 2024/2025

Dear respondent,

PER GLI STUDENTI DI 1°, 2° E 3° ANNO: We inform you that completion of the questionnaire is compulsory in order to finalise enrolment for the academic year 2025/2026.

PER GLI STUDENTI DI 4° ANNO: We inform you that completion of the questionnaire is compulsory in order to obtain your final examination certificate.

With this questionnaire, SISSA gives you the opportunity to provide your informed feedback on the quality of SISSA training and research activities. Your feedback is valuable to us to learn how we are doing and where and how we can improve to make living and working in SISSA better and better with time.

We fully trust your feedback, and for this reason your responses are collected and analysed in a completely anonymous manner. Specifically, the results are made available exclusively to the members of the Student-Professor Joint Committee and the Evaluation Committee in aggregate form by course year (separate questionnaire links for each yearly cohort) and PhD course, a procedure that rules out any possibility of cross-correlating answers.

The members of the mentioned committees are bound to confidentiality and provide the results of their analysis in the form of public reports. You can consult the latest reports at the following link [Documents | Scuola Internazionale Superiore di Studi Avanzati \(sisssa.it\)](#). Examples of the salient actions that SISSA has taken on the basis of the reports are summarized [here](#).

Finally, kindly note that the Questionnaire refers to the latest completed academic year, i.e. 2024/2025.

Please note that you can save the form and resume it later.

Thank you for your collaboration.
