

PROVA 3

1) La contabilità dei lavori pubblici

2) Manutenzione ordinaria edile

3) Leggere e tradurre il seguente testo:

“The EU is working with international partners to find alternative energy supplies. In the short-term, we need alternative supplies of gas, oil and coal as quickly as possible, and looking to the future we will need renewable hydrogen too. Every citizen, business and organisation can save energy. Small behavioural changes, if we all commit to them, can make a significant difference.”

4) AutoCAD: Modificare la planimetria realizzando un vano di ampliamento
