"Europe needs to step up its action to manage climate change, which is an 'existential threat'. It also needs to embrace technological evolution and globalisation while making sure that no-one is left behind. Priority actions identified by the European Council include:

- accelerating the transition to renewables and increasing energy efficiency
- reducing dependence on outside energy sources, diversifying supplies and investing in solutions for the mobility of the future
- improving the quality of our air and waters

4) AutoCAD: Modificare gli spazi interni per realizzare un nuovo vano
